

#LikeNoOther

Would you like a brand new Synergy Grill at no extra cost?*

- No deposit
- Free installation
- Free removal of your old equipment
- Small monthly rental starting from as little as £24 a week
- Fuel cost savings - potentially greater than the monthly rental (dependent on circumstances usual net savings of £33 - £70 per week)

What is Synergy Contract?

Synergy Contract is a new way for food-service operators to access the latest grill technology without any of the large upfront costs associated with buying new equipment. What's more, if you are an operator that already has a chargrill or charcoal oven, signing up to Synergy Contract, and switching could save you hundreds of pounds from day one! Without any upfront deposit.

No upfront deposit? Do Synergy make their profit on the installation?

No, in fact, if you are an existing business, we will uninstall your old grill, remove it, replace and install your brand new Synergy Grill with no additional charges*

OK, how does it work?

No catches! If you are familiar with buying a new mobile phone, you know you can choose to pay as you go or a monthly contract. Well, our Synergy Grills are now available in the same way. You can still purchase your grill outright if you wish, or take out a monthly contract where you pay a fixed amount which includes all the costs of installation, removal of your old grill and hire of the new equipment.*

Sounds expensive?

Quite the opposite, in fact, the fuel savings you make against a standard chargrill or charcoal oven could mean your contract is cheaper each month.

Can I work out what my costs and savings are likely to be?

Yes, you can, simply go to our online cost calculator, fill in the questions and see the results for yourself. Just click below to head over to the calculator.

Online Calculator

We are a new business, would this be a problem?

Not necessarily, as we have a special initiative in place to support new businesses, in all cases the forecasted savings are better than the cost of your monthly contract (In some cases saving you hundreds of pounds of a year!).

If I want to do it, is there reams of paperwork to complete?

No, it can be done all online. Click below to complete the online form. Where possible we try to process applications within 2 working hours, depending on circumstances this can be sooner. Plus, we are all about being green so the process is paperless!

Click to apply

*Installation

- Gas is already within the building and within 1 metre away from the position of the gas inlet of the grill
- Appropriate piping (3/4 inch) required
- A working electric plug socket is not connected to any extension leads and is also within 1 metre from where the grill will be positioned
- Site needs to have sufficient extraction as well as a fully working interlock system
- All the above is the responsibility of the operator to ensure prior to installation
- A site survey will be included free of charge. Additional charges for installation will apply if;
 - Access is restricted to positioning the grill. This can include stairs, narrow corridors etc
 - The grill is required to be installed outside working hours. Additional charges will apply if a request is made to install outside of 9am - 5pm Monday to Friday
- Other Terms and Conditions apply which can be found on our website synergygrill.com

- Rentals are based on a three year lease for a business trading over 3 years but alternative pricing is available on request for organisations trading for less than 3 years. For representative purposes only, prices may vary.
- Calculations are based on natural gas.
- kW and gas usage taken from the average of the three leading manufacturers of chargrills in the UK and taken from their own publications, correct as of 13/10/19.
- "Synergy Contract" promotion and marketing has been produced by Active Food Systems Limited.
- *Any potential saving or return on investment is dependent on each individuals business circumstances, are not guaranteed and the finance agreement is not dependent on savings.
- Finance for business use purposes only.
- Any lease entered into will be with Shire Leasing PLC or may be introduced to one of a group of asset finance lenders and subject to application, credit and their terms and conditions.
- The Synergy Contract scheme is open to PLC and Limited Companies only. If you are an individual looking to purchase a Synergy Grill, please contact us direct to discuss other options that may be available to you.
